DELL PRECISION PRODUCT PORTFOLIO

25TH ANNIVERSARY
DELL PRECISION

Precision 3470

Entry-level 14" workstation.

- 14" FHD 16:9 display, Touch, ComfortView Plus options
- Up to Intel® Core™ i7 processors, P 28W, 12 (6P+6E) cores
- Up to NVIDIA T550 graphics (4GB)
- Supports one storage device, up to 2TB
- Up to 64GB DDR5 memory 4800MHz NECC
- WiFi 6E, BT 5.2
- Strating at 3.3 lbs /1.49 kg

Precision 3570

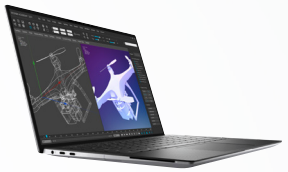
An affordable entry-level workstation.

- 15" up to UHD 16:9 display, Touch, ComfortView Plus options
- Up to Intel® Core™ i7 processors, P 28W, 14 (6P+8E) cores
- Up to NVIDIA RTX™ A500 graphics (4GB)
- Support for 2 storage devices, up to 4TB
- Up to 64GB DDR5 memory 4800MHz NECC
- WiFi 6E, 4G LTE, BT 5.2
- Starting at 3.5 lbs /1.59 kg

Precision 3571

Our best price/performance workstation.

- 15" up to UHD 16:9 display, Touch, ComfortVIew Plus options
- Up to Intel® Core™ i9 processors, H 45W, 14 (6P+8E) cores
- Up to NVIDIA RTX™ A2000 graphics (8GB)
- Support for 2 including optional secondary 2.5" HDD device, up to 4TB
- Up to 64GB NECC DDR5 4800MHz memory
- WiFi 6E, 4G or 5G LTE (FirstNet Ready), BT 5.2
- Starting at 3.94 lbs /1.79 kg



Precision 5470

Power packed thin and light workstation.

- 14" InifintyEdge 16:10 display with up to HDR400 with Pen & Touch, ComfortView Plus options
- Up to Intel® Core™ i9 processors, H 45W, 14 (6P+8E) cores
- Up to NVIDIA RTX™ A1000 graphics (4GB)
- Support for 1 storage device, up to 4TB
- Up to 64GB NECC DDR5 memory 5200MHz
- WiFi 6E, BT 5.2
- Starting at 3.26 lbs /1.48 kg

Precision 5570

A stylish, thin and light workstation.

- 15" InifintyEdge 16:10 display with up to HDR400 with Touch, ComfortView Plus options
- Up to Intel® Core™ i9 processors, H 45W, 14 (6P+8E) cores
- Up to NVIDIA RTX™ A2000 graphics (8GB)
- Support for 2 storage devices, up to 4TB, RAID optional
- Up to 64GB NECC 4800MHz DDR5 memory
- WiFi 6E, BT 5.2
- Starting at 4.06 lbs / 1.84 kg

Precision 5770

Engineered to Excel. Designed to Impress.

- 17" InifintyEdge 16:10 display with up to HDR400 with Touch, ComfortView Plus options
- Intel® Core™ i9 processors, H 45W, 14 (6P+8E) cores
- Up to NVIDIA RTX™ A3000 graphics (12GB)
- Support for M.2 PCIe SSD storage, up to 8TB, RAID optional
- Up to 64GB NECC 4800MHz DDR5 memory
- WiFi 6E, BT 5.2
- Up to Starting at 4.7 lbs /2.13 kg

Precision 7670

Our most powerful ready for VR 15" mobile workstation.

- 16" 16:10 display with up to UHD+ HDR500 OLED with Touch, ComfortView Plus options
- Up to Intel® Core™ i9 processors, HX 55W, up to 16 (8P + 8E) cores
- Up to NVIDIA RTX™ A5500 graphics (16GB)
- Support for 3 storage devices, up to 12TB, RAID 5 optional
- Up to 128GB, 4800MHz nECC & 64GB ECC DDR5 memory
- WiFi 6E, 5G LTE (FirstNet Ready), BT 5.2
- Starting at 5.75 lbs /2.6 kg

Precision 7770

Our most powerful mobile workstation. Ready for VR and AI.

- 17" 16:9 display with up to HDR400 120Hz with PremierColor
- Up to Intel Core™ i9 processors, HX 55W up to 16 (8P + 8E) cores
- Up to NVIDIA RTX™ A5500 graphics (16GB)
- Support for 4 storage devices, up to 16TB, RAID 10 optional
- Up to 128GB, 4800MHz NECC & 64GB ECC DDR5 memory
- WiFi 6E, 5G LTE (FirstNet Ready), BT 5.2
- Starting at 6.65 lbs /3.01 kg

DELL Technologies

Precision 3260 Compact

Workstation-class performance packed into our smallest workstation ever.

- Compact, Ultra Small Form Factor
- Up to Intel® Core™ i9 processor, 16 (8C+8c) Cores
- Up to 95W NVIDIA RTX A3000 graphics (6GB)
- Up to 9TB storage, RAID 0/1
- Up to 64GB 4800MHz ECC or NECC DDR5 memory

Precision 3460 SFF

Unmatched performance & affordability in a small form factor.

- Small Form Factor
- Up to Intel® Core™ i9 processor, 16 (8C+8c) cores
- Up to 75W AMD or NVIDIA graphics
- Up to 20TB storage, RAID 0/1
- Up to 128GB or up to 4800MHz ECC or NECC DDR5 memory

Precision 3660 Tower

Powerful and affordable mini-tower.

- Mini-tower
- Up to Intel® Core™ i9 processors, 16 (8C+8c) cores
- Up to 350W AMD or NVIDIA graphics
- Up to 28TB of storage, RAID 0/1/5/10
- Up to 128GB or up to 4800MHz ECC or NECC DDR5 memory

Precision 3930 Rack

Secure your data in a 1U rack

- 1U Rack Intel® Xeon® processors, up to 6 cores
- Up to double-wide 300W AMD or NVIDIA graphics
- Up to 24TB storage, RAID 0/1/5/10
- Up to 128GM 2666MHz DDR4 ECC or NECC memory

Precision 5820 Tower

Mid-tower with exceptional scalability.

- Midtower
- Single Intel® Xeon® and Core™ X processors, up to 18 cores
- 1-2 300W AMD or NVIDIA graphics
- Up to 68TB storage, RAID 0/1/5/10
- Up to 512GB 2933MHz DDR4 ECC or NECC memory

Precision 7865 Tower

Mid-tower with full tower scalability.

- Midtower
- AMD Ryzen Threadripper™ Pro processors, up to 56 cores
- 1-2 300W AMD or NVIDIA graphics
- Up to 56TB storage, RAID 0/1/5/10
- Up to 1TB 3200MHz DDR4 memory

Precision 7920 Tower

Powerful tower workstation made for ultimate scalability.

- Full Tower
- 1 or 2 Intel® Xeon® Scalable Family processors, up to 28 cores each
- 1-3 300W AMD or NVIDIA graphics
- Up to 136TB storage, RAID 0/1/5/10
- Up to 3TB 2933MHz DDR4 ECC or NECC memory

Precision 7920 Rack

Ultimate performance and security in a 2U form factor.

- 2U Rack
- 1 or 2 Intel® Xeon® Scalable Family processors, up to 28 cores each
- 1-3 300W AMD or NVIDIA graphics
- Up to 80TB storage, RAID 0/1/5/10
- Up to 3TB 2933MHz DDR4 ECC or NECC memory

Key Technologies

Dell Optimizer for Precision

Automated performance tuning, including applications, audio, connectivity and more.

High Performance Storage

Dell Precision Ultra-Speed Drives provide outstanding performance, density, and price.

Dell Reliable Memory Technology (RMT) Pro

Quarantines bad memory sectors to reduce memory related errors. Also, provides alerts when memory needs replaced.

Dell PremierColor for Precision

Enjoy the ultimate in color coverage and precision for color critical applications including 100% Adobe color gamut.

Best-in-class Design and Experience

Features tool-less chassis, multi-thermal designs, InfinityEdge displays and more to optimize user experiences.

Dell Pro-Support / Pro-Support Plus

Professional support with guaranteed response time minimizes downtime.

Partner Certification

Tested and certified to provide performance and reliability for key applications.

VR and AI Ready

Select systems tackle emerging technology workloads such as VR and AI.
