

RUGGED SOLUTIONS YOU CAN RELY ON

Getac

Rugged Mobile Computing Solutions

A background image showing two professionals. On the left, a person in a red fire helmet and a white respirator mask is using a rugged tablet. On the right, a person in a white hard hat and safety glasses is also using a rugged tablet. They are both wearing high-visibility yellow and blue work jackets. The background is a dark, textured surface with orange geometric shapes overlaid.

DESIGNED FOR PROFESSIONALS

Getac is a leading manufacturer of rugged computing technology and is the only brand offering total in-house design and manufacturing capability, as well as having a vertically integrated supply chain. Providing durable devices which are fit for challenging environments is at the heart of what we do and for more than 30 years, we have been serving a range of industries and customers across the globe.

Our computing solutions have helped increase operational efficiency and reduce downtime across key sectors around the planet. Used by the military & defence, public safety, emergency services, utilities, automotive, transportation and industrial Manufacturing, we have won the trust of global leaders by providing best-of-class Rugged Computing Solutions.

CERTIFIED GREEN MANUFACTURER

Getac has been independently tested and maintains several environmental certifications, including EPEAT®, RoHS Directive, REACH Regulation, WEEE and ENERGY STAR®. Getac is committed to being as sustainable as possible and assists multiple global organisations in their mission toward preserving the environment and improving quality of life.

ISO14001 | ENERGY STAR® | RoHS Directive | REACH Regulation | WEEE | Battery Directive | Packaging Directive | EPEAT®

HERE FOR THE CHALLENGE

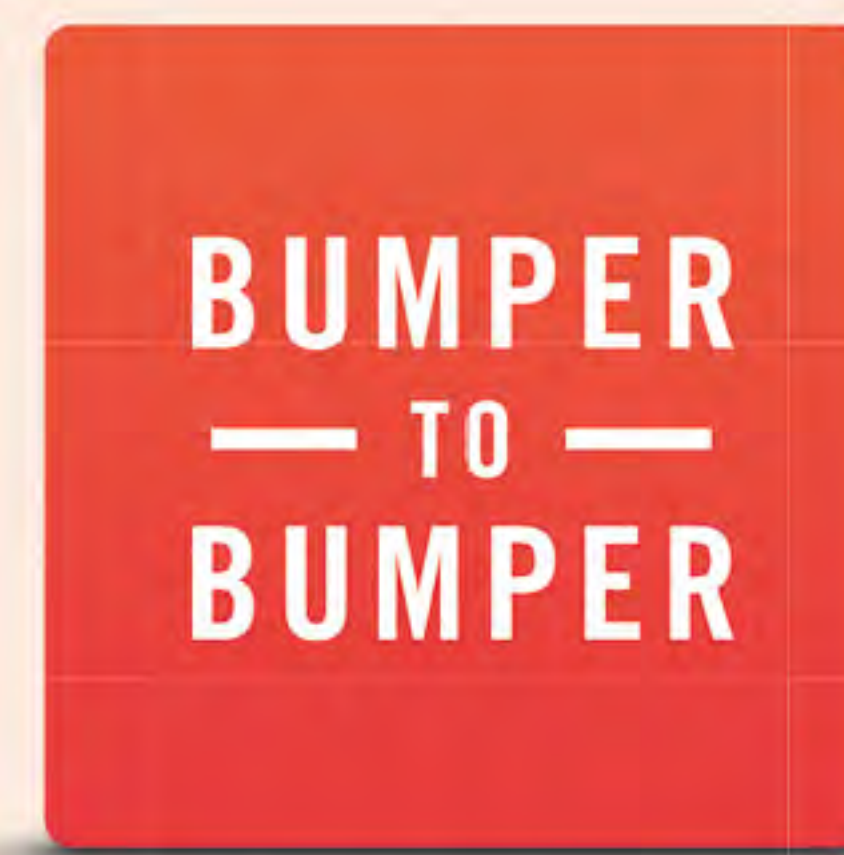

Our rugged devices are built to survive in harsh environments. Certified by Independent research, engineering and evaluation laboratories, our products meet or exceed the MIL-STD 810H, MIL-STD 461G and IP rating testing criteria as well as ATEX for explosive atmospheres.

We are so confident in our fully rugged computing technology that we include 3 years bumper-to-bumper accidental damage cover as standard across the fully rugged device range.

NATIVELY RUGGED

- / for extreme weather conditions
- / drops up to 1.80 m
- / shockproof

INDUSTRY- LEADING SERVICE

- / 3 year warranty across the fully rugged range
- / coverage for accidental damage

FULLY INTEGRATED ECO-SOLUTIONS

- / integrated Eco-Solution
- / mobile power supplies
- / security and connectivity software

GETAC SELECT[®]

BUILT FOR YOUR INDUSTRY

We work proactively with our customers to design a purposeful range of tailored solutions which help resolve operational challenges.

INNOVATION WITHOUT COMPROMISE

Due to every challenge being unique, we also offer a customisation service where we tailor standard products to meet a customer's specific need. Our R&D team is ready to respond to customer requests for localised services while providing integrated solution bundling of hardware, software and professional services to save our customers valuable time and resources as part of our Getac Select® program.
